NOVEMBER PROJECT

TO THE RECIPIENT OF THIS NOTE:

This is NOT a parking ticket! Someone wants to get your attention and remind you that instead of being pissed at a ticket you should use that energy and do something nice for a stranger. Holding a door, or saying a thank you does not count. Those are the things that you should be doing anyway. Think about something simple and kind or maybe funny that would make YOUR day. Now channel those ideas and go interact and be amazing!

If you want to share this note with someone else in your life, go to november-project.com/ticket and print out as many as you want and go make your city a better place.
